

Anatole Investment Management Limited

Position: Investment Research Intern

Location: Central, Hong Kong

Start Date: Immediately

Responsibilities:

- Conduct market and company research via extensive telephone and/or in-person field interviews and surveys with industry participants, take diligent notes and collect data, and analyze large volumes of information
- Communicate findings to the CIO and investment team and assist them in identifying value-add information and data helpful to the research process
- Assist with ad-hoc market research projects as needed
- Assist with financial modelling on investment candidates

Qualifications:

- Currently an undergraduate or graduate student in the finance/social sciences such as economics, finance, psychology, sociology etc. Students from other disciplines will also be considered if other qualifications are met
- Use logic and reasoning to formulate questions to ask and to tie together pieces of information to form conclusions
- Strong interpersonal and communication skills and high attention to detail
- Fluent in English and Mandarin Chinese
- Flexibility to work during the school year, for at least 10-15 hours a week

This is an exciting entry point into the hedge fund space and a unique opportunity to work with some of the best investors in the industry. For the successful candidate, this may lead to a full-time position with the firm if performance expectations are met.
